Bill Info: **Type of Issue:** Liberty Issue: Freedom of Speech - Education

Brief Bill Explanation: This bill if it were to become law would prevent school officials from preventing a certain religious or political view point from being heard, repercussions for that viewpoint, or the favoritism for one viewpoint over another. We do understand that some may consider this setting parameters on freedom of speech, but unfortunately censorship has become so blatant in our schools these days' measures need to be taken to ensure people do have freedom of speech, this bill is not intended to limit it but help protect it.
